

## Engineer-It Scrounge List!

Throughout the year we will be designing many projects out of everyday STUFF. Below is just a sample listing of **new** and **cleaned recycled** items that we could use. We would appreciate anything that can be recycled, especially anything that could be used for a wheel!! Please send items that can be safely transported on a school bus. **No glass or sharp edges.**

THANKS for your help!! Please contact Mrs. Gaughenbaugh ([lgaughenbaugh@rey.org](mailto:lgaughenbaugh@rey.org)) if you have any questions.

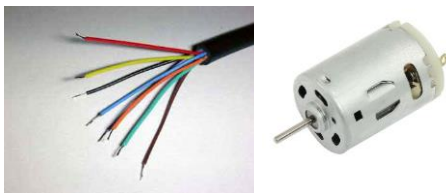

### **Containers/Lids**

plastic lids and caps  
yogurt or cottage cheese containers  
vitamin containers
